Sub: Offline Classes of Ukraine returned Indian Medical Students Studying in Ukraine

Respected Sir,

As we know that a large number of medical students returned from Ukraine due to war under Operation Ganga. Many of these either took transfer to other countries or many are still stranded in India and many have already returned back to Ukraine for offline classes.

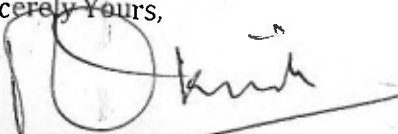

Good number of these students is now in 2nd year of studies and they are not allowed to seek transfer to other country but need to study in Ukraine only as per FMGL 2021.

Since online classes are not recognized by the National Medical Commission of India so these Students need to go to Ukraine for further offline studies. While making preparations for return these students are being denied transit visa.

Respected Sir, you are kindly requested to intervene so that these students can get transit visa through any of the neighboring countries like - Romania, Poland, Moldova, Slovakia or Hungary, so that these students can reach Western Ukraine and join classes in offline mode.

Look forward to a priority action from your office

Sincerely Yours,

Ravi Kumar Koul
